1. This is an in-house discount plan (not an insurance plan) & must be paid in one annual payment of \$348 in full before benefits start & is not refundable or prorated for any reason. Annual fee is per adult over age 17. Cannot be used for Dental Care Kids or Dental Care Orthodontics. Cannot be combined with ANY other offers, discounts or other dental insurance plans.
2. Payment for all services must be made by check, credit card or cash. Any service not paid for at the time of service will be billed at usual & customary fees.
3. If you use a third party finance plan that requires the office to pay the interest, we will subtract that fee from the 15% discount so the maximum discount total does not exceed 15%.
4. This program automatically renews on the 12th month anniversary of the sign up. I agree to have my credit card charged the renewal fee. Should I want to cancel at any time after the first anniversary, I agree that the regular fees for any services provided will be deducted from the annual fee & any difference refunded.

* 48 hour notice for cancellations or fees may be charged.

Dental Care of Stamford In-Office Savings Plan

Why we offer this plan: People who don't have dental insurance put off their care & small cavities get bigger leading to much more extensive & expensive treatment like root canals & crowns that could have been avoided by timely preventive care.

Better than employer-sponsored plans: Employer-sponsored dental programs result in payroll deductions, but don't cover all of the services. Dropping employer-sponsored plans can result in saving money & receiving better coverage at the same time.

Save money now & get better care: Because you pay for an entire year, we know you will be more motivated to keep your six-month cleaning & check-ups. This will help us keep your mouth healthier & looking great which will save you time & money.

The best way to ensure your long-term dental health is by regular & consistent re-care exams & cleanings, which is why our program automatically renews on the 12-month anniversary of your sign up. Should you decide to cancel the program at any time after the first anniversary, we will subtract the cost of the regular fees for any services rendered & refund any remaining balance.

Immediate Savings

- A. Annual Preventive Services Regular Fees \$898
- B. Total Restorative Fees* \$ _____
- C. Annual Savings on Preventive Plan \$550
- D. Savings on 15% of Restorative (B x 15%) \$ _____
- E. **Total Savings (C + D)** \$ _____

*Once treatment starts additional conditions can be discovered that are not known now. If that happens you will be informed & applicable discounts will apply.
